Statement on Home Explosion

(Arlington, VA) – The incident in Bluemont on Monday evening is a reminder of just how dangerous the jobs of our first responders can be. They work to keep our community safe even in the most dangerous of situations.

I thank the police officers, the firefighters, and medical personnel who responded to this incident and who continue to serve the people of Arlington. My thoughts and prayers also go out to the residents of the Bluemont neighborhood and those impacted by this serious incident.
